

REMARKS

This paper is responsive to the April 29, 2008 Office Action in which the Examiner objected to the disclosure for an informality, and indicated that pending claims 4-14, 18-28 and 32-42 include allowable subject matter, subject to an Examiner's Amendment to claim 32. In response, Applicants have amended the specification to be consistent with the language of the claims as suggested by Examiner. In addition, Applicant appreciates the Examiner's indication that claims 4-14, 18-28 and 32-42 could be allowed if amended as proposed by the Examiner, and look forward to obtaining allowance of these claims. However, in order to expedite allowance of the application, claims 18-28 and 32-42 have been canceled without prejudice. By cancelling claims 18-28 and 32-42 from further consideration in this application, Applicant is not conceding in this application that these claims are not patentable over the art cited by the Examiner, as the present claim amendments and cancellations are only for facilitating expeditious prosecution of the allowable subject matter noted by the Examiner. Applicants respectfully reserve the right to pursue these and other claims in one or more continuations and/or divisional patent applications. Accordingly, Applicant respectfully requests that claims 4-14 be allowed, and a notice to that effect be issued. Nonetheless, should any issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned at 512-338-9100.
